REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the present invention relates to an ECC circuit for a flash memory device. The independent claims 11-12 recite an ECC circuit for a non-volatile memory to correct the inputted data by assigning a new address for the inputted data when a write error occurred and the inputted data can not be corrected and ending the write operation if the inputted data can be corrected. The PRIOR ART fails to disclose or suggest such an ECC circuit for a non-volatile memory device as described in the independent claims 11-12, therefore, claims 11-15 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vu A. Le whose telephone number is (571) 272-1871. The examiner can normally be reached on M-F (7:00-3:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Elms can be reached on (571) 272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
